

neuroBridge Screenings

neuroBridge will be completing OT Developmental screenings and Speech and Hearing screenings at your child's school this fall. The purpose of these screenings is to see if your child's motor skills, visual perceptual skills, and speech and hearing are developing as expected. During the screening, a licensed neuroBridge Therapist will determine if your child needs further testing based on the results of the screening tool. OT and Speech screenings will be \$10 each. You will be billed through your school account. * neuroBridge is an independent contractor that partners with your child's school.

Please complete the information below, sign, and return the form to your child's teacher. If you have any questions, please contact us at info@neurobridgellc.com.

I would like my child to have:

_____ OT developmental screening (fee \$10)

_____ Speech and Hearing developmental screening (fee \$10)

Student's name: _____ DOB: _____

Teacher: _____ Grade: _____

I give permission for my child to participate in a neuroBridge screening by the licensed therapists of neuroBridge LLC. I understand that I will be billed through my school account.
